Comprehensive Service & Pricing Guide

3D CAD / SolidWorks · PCB & Embedded · MATLAB & Simulation · Data Analysis · Academic Coaching · Consulting

Estimates for planning purposes. Final quotes are prepared after reviewing your project brief, deadline and complexity. Academic / coaching work uses the rates below. Business & commercial clients are typically charged at 1.5× – 2× these rates (includes full IP assignment and NDA). All prices in USD.

1. Academic Coaching & Research Support

We provide coaching and technical support only. We do not write theses, dissertations or final-year projects for academic credit.

Service	Scope & Deliverables	Estimated Rate
Methodology Coaching	Research design guidance, methodology formulation, structure feedback and compliance coaching.	$150 – $500
Statistical Interpretation	Analysis and interpretation of the student's own data; results discussion and visualisation support.	$150 – $600
Language Editing & Formatting	Language polishing, structure feedback and formatting compliance (IEEE, Elsevier, Springer, APA).	$120 – $450
Defence Presentation Coaching	Slide review, key-findings summary, presentation structure and defence coaching.	$80 – $250
Journal Manuscript Feedback	Language and structure feedback for journal manuscripts; template and guideline adherence advice.	$180 – $550

Academic Integrity Statement: *PNPONLINE coaches methodology, helps interpret the student's own data, polishes language and prepares defence presentations. We never write, ghost-write or submit work that is presented as the student's original contribution for academic credit.*

2. Engineering, 3D CAD & Simulation

Service	Scope & Deliverables	Estimated Rate
Basic CAD Modeling	Standard mechanical components, brackets, single-part enclosures, 3D-printing-ready STL files.	$50 – $150 / model
Assembly & Product Design	Multi-part assemblies, mechanisms, enclosures, DFM checks and production drawings.	$150 – $1,200
Full Production Package	Native CAD + STEP/IGES/STL + fully dimensioned 2D drawings + BOM.	$300 – $2,500
FEA / Thermal / Motion Analysis	SolidWorks Simulation or equivalent; stress, thermal or motion studies with report.	$200 – $1,500
Sheet Metal / Fabrication Drawings	Flat patterns, weldments, manufacturing-ready drawings with GD&T; principles.	$120 – $800

3. Electronics, PCB & Embedded Systems

Service	Scope & Deliverables	Estimated Rate
Schematic & PCB Layout	Schematic capture, PCB layout (KiCad / Eagle / Altium familiarity), Gerbers, BOM, pick-and-place.	$300 – $2,000
Embedded / Arduino Prototypes	Arduino / microcontroller control systems, stepper drivers, sensors, basic firmware support.	$250 – $1,800
Full Electronics Package	Schematic + PCB + BOM + basic firmware notes + documentation.	$500 – $4,000

4. Data Science, MATLAB & Analysis

Service	Scope & Deliverables	Estimated Rate
MATLAB / Simulink Models	Simulation models, control systems, performance instrumentation and documented scripts.	$200 – $1,500
Statistical Analysis & Pipelines	Statistical interpretation, data pipelines, Python/R scripting and visualisation.	$150 – $1,200
Machine Learning (introductory)	Model training and evaluation pipelines on client-supplied data, with documentation.	$250 – $2,000

5. Research, Consulting & Additional Services

Service	Scope & Deliverables	Estimated Rate
Feasibility / Technical Study	Structured feasibility, technology or market research with clear recommendations.	$150 – $1,000
Technical Documentation	Reports, manuals, presentations and structured technical writing.	$100 – $800
Monthly Retainer	Ongoing R&D; capacity on call for teams running multiple projects.	From $450 / month
Discovery Call	20-minute call to assess feasibility, rough cost and timeline.	Free
Scoping Study	Full written brief (credited against the project if you proceed within 30 days).	$250 fixed

6. Payment Methods

International (preferred): Payoneer · Grey / Cleva · Bank transfer · Wise (USD) · Cryptocurrency (USDT / USDC on request)
Within Nigeria: Bank transfer · Paystack · Flutterwave

Payment is staged across milestones. You never pay for work you have not already seen.

7. Important Notes

• Academic work is strictly coaching, analysis of the student's own data, language editing and defence coaching.
• Commercial work includes full IP assignment and NDA on request.
• Brand registered in China. Certifications and legal documentation available on request.
• Founded in Nigeria. Remote-first delivery worldwide.
• Standard quotes include 1–2 revision rounds. Scope changes receive updated estimates.

How to get a custom quote
Send your brief, deadline and any existing files via WhatsApp **+234 912 898 1560** or the contact form at **pnponline.vercel.app**. We reply within 1 hour during working hours with a clear scope and fixed or milestone-based quote.
